Plantation Drive under the theme "One Student One Tree"

(1st to 31st August, 2019)

Dear Learners,

You must be aware that One Student, One Tree campaign has been launched by Government of India to make our Earth "Clean and Green". Indira Gandhi National Open University (IGNOU) is taking forward this campaign with the proactive involvement of its Learners, Study Centres and Regional Centres. In this direction, we request you to come forward to take up this noble cause and participate in this campaign.

For participation, we request you to plant at least one sapling at any of the places available to you, adopt the plant and take all necessary care of the plant for its growth and development. Please click your photograph while planting the sapling and send one clear photograph to rcnoida@ignou.ac.in mentioning your Name, Enrolment Number, Programme, Study Centre code and Mobile number in the email. We shall upload your photograph on our website i.e. rcnoida.ignou.ac.in and forward the same to IGNOU Headquarters as well.

You are advised to take up this task at the earliest and send your photograph to us.

Looking forward to your active participation in this campaign.

Best wishes,

(Regional Director)^{22/8/19}
